Strategic Plan 2026–2030

Closely by His Side Ministries Foundation

1. Foreword

Before you lies the Strategic Plan 2026–2030 of the Closely by His Side Ministries Foundation.

Since the establishment of the foundation on January 12, 2021, Closely by His Side Ministries has developed into a ministry dedicated to restoration, healing, deliverance, equipping, and spiritual growth for people both nationally and internationally.

Driven by the deep conviction that every person is loved by God, valuable, and created with purpose, we are committed to helping people break free from barriers that prevent them from fully functioning according to God's original design for their lives.

Over the past years, we have witnessed lives being restored, families being strengthened, people receiving renewed hope, and believers being equipped to serve others. At the same time, both the responsibility and the vision for the future have continued to grow.

With this strategic plan, we provide direction for the further development of Closely by His Side Ministries during the period 2026–2030. This document serves as a strategic and organizational compass that clearly presents our identity, vision, mission, core values, objectives, and methods of operation.

We believe that God not only desires to restore people but also to activate them in their God-given purpose. Therefore, Closely by His Side Ministries focuses not only on individual ministry but also on teaching, equipping, spiritual formation, media outreach, collaboration, and the development of healthy spiritual structures.

This strategic plan serves as a guide for the Board, Supervisory Board, volunteers, partners, and all those who desire to help build the mission of the foundation.

2.2 Biblical Foundation

Closely by His Side Ministries bases its ministry on the Bible and uses the Dutch *Herziene Statenvertaling (HSV)* as its primary reference translation.

The foundation believes in:

- The Triune God: Father, Son, and Holy Spirit
- The redemptive work of Jesus Christ
- Being born again through faith in Jesus Christ
- The guidance and work of the Holy Spirit
- Healing, restoration, and deliverance through the power of God
- Spiritual growth and discipleship
- The restoration of identity and purpose

An important biblical foundation for the ministry is Isaiah 61:1–3, which speaks of restoration, deliverance, healing, and comfort.

3. Origin of the Foundation

Closely by His Side Ministries originated from the personal spiritual restoration journey of Gideon and Jennifer Hamerpagt.

Following a profound spiritual transformation in 2018, a deep desire arose to know God personally and to help others in their own restoration process. In the years that followed, the ministry developed through teaching, discipleship, inner healing, deliverance, and various forms of spiritual training.

Through multiple confirmations and spiritual guidance, the conviction grew that God was calling them to establish a ministry focused on the restoration of spirit, soul, and body.

On January 12, 2021, the Closely by His Side Ministries Foundation was officially established.

4. Vision

Closely by His Side Ministries seeks to demonstrate that the Kingdom of God is a present reality in the lives of individuals, families, organizations, and communities.

We believe that every person has been created with value, identity, purpose, and potential. Through pain, trauma, bondage, rejection, sin, fear, or spiritual barriers, people can become disconnected from who they were originally created to be.

Based on this conviction, Closely by His Side Ministries is committed to the restoration of people and creation, families and generations, cities and regions, ministries and businesses, so that God's Kingdom becomes visible in every sphere of society.

The foundation seeks to contribute to the restoration of:

- Spirit, soul, and body
- Identity and purpose
- Families and relationships
- Spiritual health
- Societal structures
- Living environments and workplaces
- Communities and regions
- Relationship between people and God

We believe that restoration impacts not only individuals but also families, organizations, regions, and societal structures as people begin to function in a healthy, empowered, and purposeful way according to their God-given identity.
