

Legibloq
by JBDA

Make your real estate project a reality using your crypto assets

The leading solution for property acquisition through digital assets.

Standards & Compliance

We designed Legibloq to meet all regulatory requirements. Our solution secures your funds through a PSAN registered with the French Financial Markets Authority (AMF), and guarantees the seller payment in euros via the notary.

DISCOVER US AND BOOK AN APPOINTMENT

Property Selection

Support and guidance from your trusted real estate advisor.

Profile Validation

Preparation of the regulatory file and verification of source of funds.

Personalized Support

Partner notaries, legal and tax advisory, full discretion.

PROTECTION

Securing of Funds

Funds deposited on a dedicated address with volatility management taken into account.

Compliance

Assets held with a PSAN registered with the French Financial Markets Authority (AMF).

Coordination with the Notary

Certificate of deposit and compliance file made available.

Conversion

Crypto-to-euro exchange triggered exclusively upon the notary's request for funds.

Payment

Transfer executed directly to the notary's office, without passing through your bank.

Key Handover

Transaction completed in the same way as a traditional real estate acquisition.
